MYOB AccountEdge Plus has all of the features of MYOB AccountEdge, and more...

Get started fast

The Easy Setup Assistant in MYOB AccountEdge Plus prompts you with a series of questions that help you set up your accounts according to your industry and business needs – you can be up and running in minutes.

Pay your employees

MYOB AccountEdge Plus automates your pay runs, calculates PAYE and National Insurance and updates all of your accounts automatically. It also provides a clear view of what needs to be billed and how employees are spending their time if you bill clients for time.

Multi-user access

MYOB AccountEdge Plus enables multiple people access to your business information simultaneously. The software is issued with one user licence and further licences are available direct from MYOB as your business requirements change. You can set up password protected user profiles to control which screens, reports and menu items each user has access to, ensuring sensitive business information remains discrete.

Generate current and future budgets

MYOB AccountEdge Plus simplifies the budgeting process by enabling you to plan next years' budget whilst in the current year. You can work on all balance sheet accounts and profit and loss accounts in one window in a simple spreadsheet format. With shortcuts you can copy actuals from last year to the current years' budget figures for easier year-to-year comparison. Budgets can also be imported and exported to and from Excel in one simple step.

Connect with Microsoft Office for Mac and Apple Address Book

MYOB AccountEdge Plus seamlessly connects to Microsoft Office 2004 and 2008 and helps to keep your contacts up to date with ease by synchronising your MYOB Card File with your Apple Address Book contacts. Create personalised letters for customer-focused marketing and communication with Microsoft Word, and send your reports to Microsoft Excel for refined data analysis.

With MYOB AccountEdge Plus you can:

- Pay all of your staff at the same time with the Process Payroll assistant
- Process pay weekly, fortnightly, monthly or set up different pay periods for different employees
- Provide hourly, salaried, overtime, bonus, commission and advance payments
- Preview payroll before recording
- Print payslips and paycheques
- Import activity slip information into your employee's pay
- Allocate pay items to multiple jobs

Record foreign currency transactions

MYOB AccountEdge Plus enables you to record transactions in foreign currencies and keep track of realised exchange rate gains and losses. You can track bank accounts held in foreign currencies and easily view your Debtors and Creditors balances in the local as well as the foreign currency.

Email quotes, invoices, statements and reports

Save time and money by emailing your quotes, orders, invoices and statements to your customers. You can also email quotes and orders to suppliers for faster processing. Send your forms individually or in batches – the process is just as easy.

Store stock in multiple locations

MYOB AccountEdge Plus allows you to store stock in multiple locations and keep track of item quantities held at each location.
